

ARE YOU READY FOR A DRONE EVENT?

ASSESS YOUR RISK & READINESS WITH A TABLETOP ASSESSMENT

KEEP YOUR FACILITY OR EVENT SAFE

Drones are becoming increasingly sophisticated and can pose a severe threat to our community. It's critical to consider every possible risk to keep people safe and secure. Talk with our experts about your drone risk and assess your facility or event vulnerabilities. Our tabletop assessments help you determine your readiness, identify gaps in your response plan, develop a new response plan, learn to execute the plan, and improve communication and teamwork.

WORK WITH THE BEST SECURITY PROFESSIONALS IN THE BUSINESS

Calibre and Petrone Risk have joined forces to provide superior drone risk assessment and mitigation. With decades of security experience, our team holds the NICP CPTED Professional Designation (CPD), all three ASIS Certifications (CPP, PSP, PCI), and TS/SCI Clearances. Our team's expertise includes a broad spectrum of threats and extensive knowledge of the physical and electronic security mitigation options available in the industry.

DRONE SAFETY IS CRITICAL... AND IT'S ALL OVER THE NEWS

- ✓ **35 million commercial drones available globally.** *Killer Drones, Edwards, 2022*
- ✓ **The drone services market size is expected to grow to \$63.6 billion by 2025, and Insider Intelligence predicts consumer drone shipments will hit 29 million.** *Business Insider, 2022*
- ✓ **Drones are getting more dangerous and sophisticated... have capabilities to strike targets from extended distances.** *Saudi Arabia Oil Attacks, 2019; Killer Drones, Edwards, 2022*
- ✓ **Drone Detection and Monitoring: For Best Results Layer Systems.** *Edwards, Forbes, 2020*
- ✓ **The recent and continued exponential increase in drone traffic is leading to a higher risk of airspace incidents, as well as unprecedented levels of opportunistic behavior.** *Dedrone, 2021*

TALK WITH THE EXPERTS

- ✓ ASSESS YOUR READINESS
- ✓ IDENTIFY GAPS
- ✓ IMPROVE COMMUNICATION
- ✓ DEVELOP A RESPONSE PLAN
- ✓ LEARN TO EXECUTE YOUR PLAN
